

Toilet Tank Solutions

Automatic enzymatic toilet bowl cleaners

Both of these toilet tank solutions contain billions of beneficial bacteria that consume the source of odors for a true clean. Each flush releases a wave of cleaning power.

Ultra Big Blue

Easy to use

No assembly or mixing required, just drop the cup with lid into the toilet tank and flush.

Long-lasting

Each cup lasts up to 900 flushes.

Eco-friendly

Bio-enzymes released with each flush consume malodors and help promote biodegradability.

Description	Item Code
8.5 oz. cup	BBL-F-0121048M

Packaging

12 cups/inner box

48 cups/master case

In-Tank Drop-In Blocks

Effective

The high concentration of surfactants offers a better clean.

Long-lasting

Each block lasts up to 1,200 flushes.

Eco-friendly

Wrapped in water-soluble paper so there's no glass or plastic to throw away.
