## Microfiber & More Solution Spray Mop

### 18" Velcro Frame Spray Mop

- **Effortless Cleaning:** Designed with an 18" velcro frame for easy attachment and removal of microfiber mops.
- **Integrated Solution Spray:** Built-in spray system allows for precise application of cleaning solution, enhancing efficiency.
- **Durable and Reliable:** Blue velcro mop frame ensures long-lasting performance for daily cleaning tasks.
- **Versatile Design:** Ideal for a variety of surfaces in healthcare, hospitality, and commercial settings.

## Microfiber & More Velcro Microfiber

### Microfiber Disposable Mop - 18"

- **Effortless Cleaning:** Designed for single-use, the 18" Velcro microfiber mop offers quick and efficient cleaning, reducing the risk of cross-contamination.
- **High-Performance Material:** Microfiber construction captures dirt, dust, and debris with ease, ensuring a thorough clean every time.
- **Versatile Application:** Ideal for healthcare, hospitality, and commercial spaces where hygiene is a top priority.
- **Convenient Packaging:** Comes in a 4/50 case configuration, perfect for high-demand environments.

## Spartan Simplifill™ Halt

### One-Step Disinfectant Cleaner - 2 L

- **Powerful Disinfection:** A concentrated one-step cleaner effective against a broad spectrum of bacteria and viruses, including Hepatitis B and Hepatitis C, when used as directed.
- **Daily Maintenance Solution:** Formulated for regular use in daily cleaning programs, ensuring consistent hygiene.
- **Comprehensive Formula:** Features a balanced combination of detergents, biocides, and malodor control for effective performance.
- **Pleasant Fresh Scent:** Leaves areas smelling clean and refreshed after each use.

Halt 5 is effective in one step on hard, non-porous, non-food surfaces.
