PRESSURE WASHERS

ENDLESS CLEANING SOLUTIONS

800-262-4360 | www.americhem.net

SELECTING THE IDEAL UNIT FOR YOUR REQUIREMENTS

WHAT DO YOU INTEND TO CLEAN?

Dirt, Mud, Grease, Windows, Concrete, Cars, Trucks, Heavy Equipment, Decks, Buildings, Restaurant Vent Hoods, Solar Panels, and More.

CHOOSE YOUR POWER

Electric, Gas, Diesel, Battery

HOT WATER OR COLD WATER?

Cold water is good for general cleaning and bulk debris removal.

Hot water is great for deep cleaning and oily/greasy soil removal.

PRESSURE RATING (PSI) & FLOW RATE (GPM)

Heavier debris = Higher flow rating. Stuck on debris = Higher pressure rating.

HOW LONG WILL YOU USE THE UNIT FOR EACH OPERATION?

Suggestions:

4 hours a day = Direct Drive = Lower Initial Cost & More Compact Design.

4 to 8 hours a day = Gear Drive = Balance between Direct & Belt and Durable.

Continuous use = Belt Drive = Lower RPM, Temp. & Longer Life. Best for heavy use.

- Outdoor Furniture
- Decking
- RV's, Campers, Vehicles
- Rubber, Plastic, Vinyl

HIGHER PRESSURE

1500-2500 PSI

- Cars, Trucks, Tractors, Forklifts
- Asphalt, Driveways
- Building Exteriors
- Restaurant Hoods & Kitchen Equipment
- Sidewalks & Entryways
- Loading Docks & Garage Floors

VERY HIGH

2500-8000 PSI

- Paint Stripping
- Concrete Surfaces
- Brick & Block Walls
- Water Pipes & Sewer Jetting
- Industrial Equipment
- Removing Epoxy or Sealants

COLD WATER DAILY CLEANING

- Dirt, Mud, Grass Cleanup
- Wood Decks & Fencing
- Vinyl, Aluminum, Painted Siding
- Window and Glass Surfaces
- House & Building Exteriors
- Outdoor Furniture
- Sidewalks & Driveways (Light Soil)

HOT WATER DEEP CLEANING

- Oil & Grease Removal
- Gum Removal
- Old Stickers & Adhesives
- Paint Prep & Removal
- Algae, Moss, Mildew
- Restaurant Hoods & Exhausts
- Industrial or Heavy Equipment

SPECIAL PURPOSE PRESSURE WASHERS

Delicate Cleaning

PRECISION CLEANING

Not every job needs brute force. Our specialty pressure washers and attachments are built for delicate materials and custom tasks—offering precision and control where it counts.

Variable Pressures

PURPOSE-BUILT

Some tasks call for more than just pressure—they require precision. Our specialty pressure washers are purpose-built for sensitive or detailed cleaning, where control and care matter as much as performance.

MAX 8,000 PSI

EXTREME CLEANING

Designed for high-demand jobs like coating removal, concrete refurbishment, and material cutting—these ultra high-pressure systems deliver unmatched power where it matters most.

CUSTOM PRESSURE WASHERS

Built To Order

FLEET-READY POWER

Built to keep your toughest assets clean. This bay-style pressure washer setup delivers consistent, high-powered performance for fleets, construction equipment, and heavy-duty machinery—customized to match your demands.

Built To Order

TRAILER, YOUR WAY

From engine size to pressure output, this trailer-mounted system is built around your job—not the other way around. Fully customizable and field-ready for everything from sidewalks to large-scale industrial cleanups.

Built To Order

CLEANROOM TOUGH

Designed for hygiene-critical environments, this custom pressure washer brings precision cleaning to food-safe zones. With adjustable pressure and sanitary fittings, it's built for compliance without compromise.

SOFT WASH CAPABLE PRESSURE WASHERS

MIN 500 PSI

HD Compact Class

Perfect for tight spaces and mobile jobs, this compact unit is ideal for property management, retail, and detailing. With the right attachments and pressure settings, it's also soft wash-ready.

MIN 300 PSI

HD Special Class

Ideal for kitchens, hospitality, and fast-paced commercial spaces. Non-marking hose and ETL-certified safety deliver reliable performance—and with the right attachments and pressure settings, it's soft wash-capable too.

MIN 500 PSI

HDS Upright Class

Perfect for delicate areas like roofs and exteriors. Great for sensitive environments and fully compatible with soft wash setups when equipped with the proper tools and pressure controls.

MIN 300 PSI

Soft Wash Series

Delivers effective, low-pressure cleaning for delicate surfaces like roofs, siding, and windows. With adjustable settings and the right attachments, it's perfect for cleaning without damage, providing professional-grade results with a gentle touch.

MIN 800 PSI

Industrial Series

Built for shipyards, ag operations, and industrial sites, this unit handles heavy-duty cleaning and surface prep with ease. Pair it with soft wash accessories and pressure adjustments to tackle gentler jobs when needed.

MIN 500 PSI

Aluminum ALH3228(-S)

Perfect for construction, fleet upkeep, and big surface jobs, this commercial-grade washer thrives in demanding conditions. With soft wash attachments and the right pressure settings, it adapts easily to more delicate tasks too.

ACCESSORIES

Surface Cleaners

Provides fast, streak-free results for large flat areas. Ideal for driveways, sidewalks, and patios, it combines power and precision for a spotless, even clean without the mess or hassle of traditional methods.

Connect Foam Nozzles

Delivers a rich layer of foam for effective cleaning and coating. Perfect for pre-soaking surfaces or applying detergents, it ensures even coverage and maximum cleaning power for a spotless, professional finish.

Undercarriage Cleaners

Designed to effectively remove debris, grime, and buildup from vehicle undersides. Perfect for trucks, trailers, and heavy equipment, it provides a thorough clean without damaging sensitive components.

Turbo Nozzels

Concentrated, rotating jet of water for intense cleaning power. Perfect for tough, heavy-duty jobs, it removes stubborn dirt and grime quickly, making it ideal for surfaces that need extra power and efficiency.

EZ Force Trigger Gun

Offers smooth, easy operation with minimal effort, providing full control while delivering powerful performance. Designed for comfort and durability, it's the perfect tool for extended use, reducing fatigue during long cleaning sessions.

Telescopic Wands

Extend your reach for high or hard-to-access areas, providing convenience and flexibility in pressure washing. Perfect for cleaning roofs, windows, and tall structures.
