

Hospitality Solutions

Productivity | Performance | Lasting Value

Leave nothing behind but a beautiful first impression

A more complete clean. Faster and quieter.

You compete for every guest. You know first impressions are vital and reputation is everything. That's why you never settle for anything but the highest levels of cleanliness that delight even the most veteran traveler. With complete cleaning solutions from Advance, you gain the edge you need for superior cleaning results and higher staff productivity with less guest disruption.

Superior technology delivers productivity and results.

As our name suggests, Advance offers the smartest cleaning solutions – with technology that makes your biggest cleaning challenges easier while minimizing disruption to your operation and your guests. Now you can maintain an ideal facility appearance even in today's business environment of stretched cleaning staffs and budgets. Advance solutions increase staff productivity, efficiency and effectiveness without jeopardizing your facility's flawless reputation.

The world's broadest portfolio of cleaning solutions for the hospitality industry.

« On the cover: Built for the hospitality industry, the Spectrum™ 12H vacuum offers superior features and durability, plus better performance and filtration than more expensive commercial uprights.

For high-traffic carpeted areas from conference rooms to hallways, the quiet and powerful Advance Terra® 28B floor sweeper leaves wide area vacuums in the dust, cleaning with 2.5 times the productivity of a comparable 28 inch vacuum.

The widest indoor/outdoor sweeper in its class, the Advance SW8000™ offers superior dust control technology and a sweep path that is 71% more productive than its nearest competitor.

The difference between products and solutions.

From daily vacuuming and scrubbing, to scheduled restorative carpet care, to frequent sweeping of outdoor walkways, there's an Advance solution for every need. And for every size facility. In fact, Advance offers more professional floor and outdoor surface cleaning solutions for the hospitality industry than anyone else. We can show you how to reduce your cleaning costs with solutions that greatly enhance staff productivity and how our multi-surface and multi-purpose machines can stretch your cleaning capital further. Clean smarter and improve overall guest satisfaction with less noise and better air quality. Advance solutions deliver the highest cleanliness standards while our exclusive green cleaning technologies help you meet your sustainability goals.

The versatile **Advance ES4000** lets you achieve total carpet care, from effective dry sweeping to daily touch-ups and low-moisture interim cleaning to heavy-duty extraction for restoration, all from a single machine.

Just a few reasons why you should partner with Advance:

- More commercial vacuum cleaner models with certified HEPA filtration
- More CRI approved extractors than any other manufacturer
- EcoFlex™, the industry's most flexible scrubbing and environmentally sustainable cleaning solution
- REV™ orbital scrubbing, the industry's most ecological deep scrubbing technology
- More LEED eligible industrial cleaning equipment than any other manufacturer
- Hybrid and ePower technologies: industry-first technology reduces fuel consumption by up to 50% and doubles runtime

The revolutionary small, maneuverable and quiet **Advance SC351™** battery-powered scrubber/dryer cleans in all directions and keeps water contained under the deck to deliver a scrubbed, dry surface easily.
