PURCHASING VS. RENTING FLOOR MATS

Most businesses are already using floor mats, although likely through a rental service. However, many don't know they can purchase floor mats for a fraction of the cost!

COSTS

To rent 10 3'x5' floor mats would cost on average \$2,080 a year. If purchased, they would only cost around \$800. That's a savings of 60%!

FLEXIBILITY

Rental companies only offer a select number of sizes and mat styles. When you purchase mats, you get an attractive mat in the size and style appropriate for your location.

DON'T GET WEIGHED DOWN BY HIGH RENTAL FEES

QUANTITY	ANNUAL SAVINGS
1	\$96
5	\$620
10	\$1,280
25	\$3,275
50	\$6,700
100	\$13,622

The average annual savings of a 3'x5' purchased mat vs. a rented mat.
