#150315 - Nozzle Assembly, 1/cs.

#110549 - Foamer Tip, 1/cs.

#150315
#110549

LASTING DURABILITY:

Heavy-duty metal plunger shaft ensures durability, preventing breaks common with plastic shafts.

CHEMICAL RESISTANCE:

Utilizes DuPont Viton® for the O-ring and piston cup, offering superior resistance against harsh chemicals, including D-limonene

ADJUSTABLE NOZZLE:

Adjustable nozzle capable of switching between stream and fine mist settings

FOAMING CAPABILITY:

Comes with an additional foamer tip, allowing easy conversion to a foaming sprayer for use with foaming products

EASE OF REFILL:

Features a wide mouth opening for quick and effortless refills
